CBSE

- Rewa, Madhya Pradesh, India

Junior college "Class 12TH (2017)"

Kendriya Vidyalaya No.1

03/2016 - 04/2017

64.80%(PCM)

CBSE

- Rewa, Madhya Pradesh, India

PROJECTS

Water Level Indicator Cum Motor Protector
(09/2020 - 12/2020)

- As a part of our minor project we make a water management system which can control the flow of water and display the current status of water level via a led indicators. and by using open source IOT platform mangoos os we can continuously track the status of device.

Fully Responsive Music Player Web page (01/2022 - 01/2022)

- For making our project Music Player enable we uses open source Html5, which we display the Layout of Page for Styling we use CSS-3 on a page. and Bootstrap for making the page the responsive.

Soundwave Fire Extinguisher (02/2021 - 04/2021)

- For our major's final year project we design our own fire extinguisher which eliminate the existing CO2 and water as a primary component for extinguishing the fire. Our idea is to produce the low frequency sin waves of 50hz to cut the supply of oxygen. By doing this we cut one of the major component of causing fire.
